02/14/08 We have just been notified by Sea Classics that the additional cost of postage and production has finally caught up with them. The new annual subscription rate is now **\$26.95**

Dear **NAFTS** member. Our Association has made special arrangements for you to receive Sea Classics magazine at a very reduced subscription rate. As you probably know, Sea Classics is a popular nationally-distributed magazine focusing exclusively on Maritime and Naval History.

By taking advantage of this offer, you will receive a full year (12 issues) of Sea Classics for only \$26.95. That's more than a 50% savings over the newsstand price. In addition, for each subscription we generate our association will receive \$5.00 of your payment to help us in our fund raising efforts.

Print this page and fill in your name and address on the card, enclose your check for \$26.95 made payable to NAFTS Sea Classics, and mail the card To :
